- QR/Barcode (Admission Enquiry QR Code): configured to auto-generate immediately after the Admission Enquiry ID is assigned on submission.
- Signature (Parent Digital Signature) and Decision Box (Requires Hostel Accommodation) are mandatory fields; the form cannot be submitted without them.

7. Workflow Summary

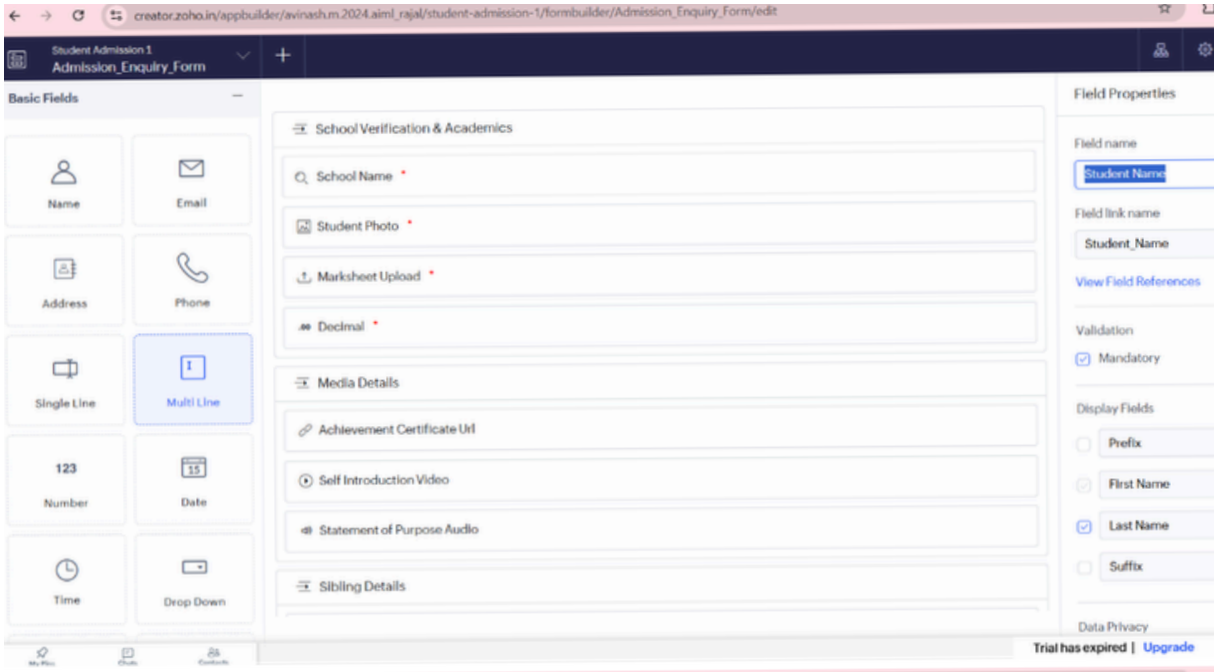

- Step 1: Applicant completes the existing basic-field sections (personal, contact, and guardian/academic details).
- Step 2: Applicant selects their previous school using the School Name Lookup field, which auto-fills the board affiliation.
- Step 3: If siblings are also studying or applying, their details are added as rows in the Sibling

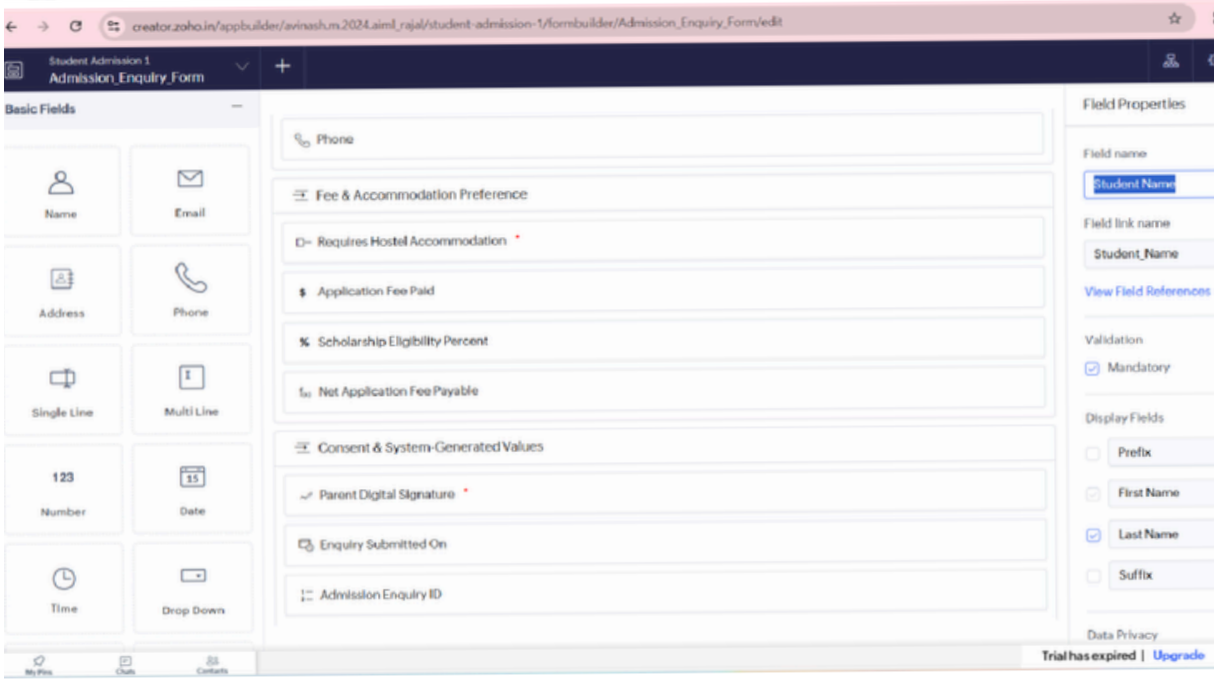

Details SubForm.

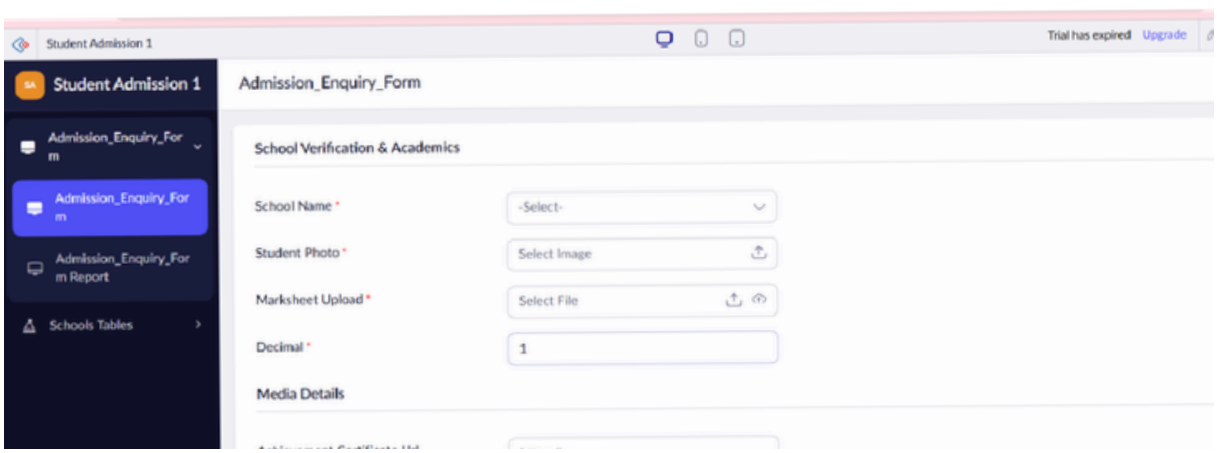

- Step 4: Applicant uploads their mark sheets and optionally a self-introduction video and a statement-of-purpose audio clip.
- Step 5: Applicant indicates whether hostel accommodation is required, and the Application

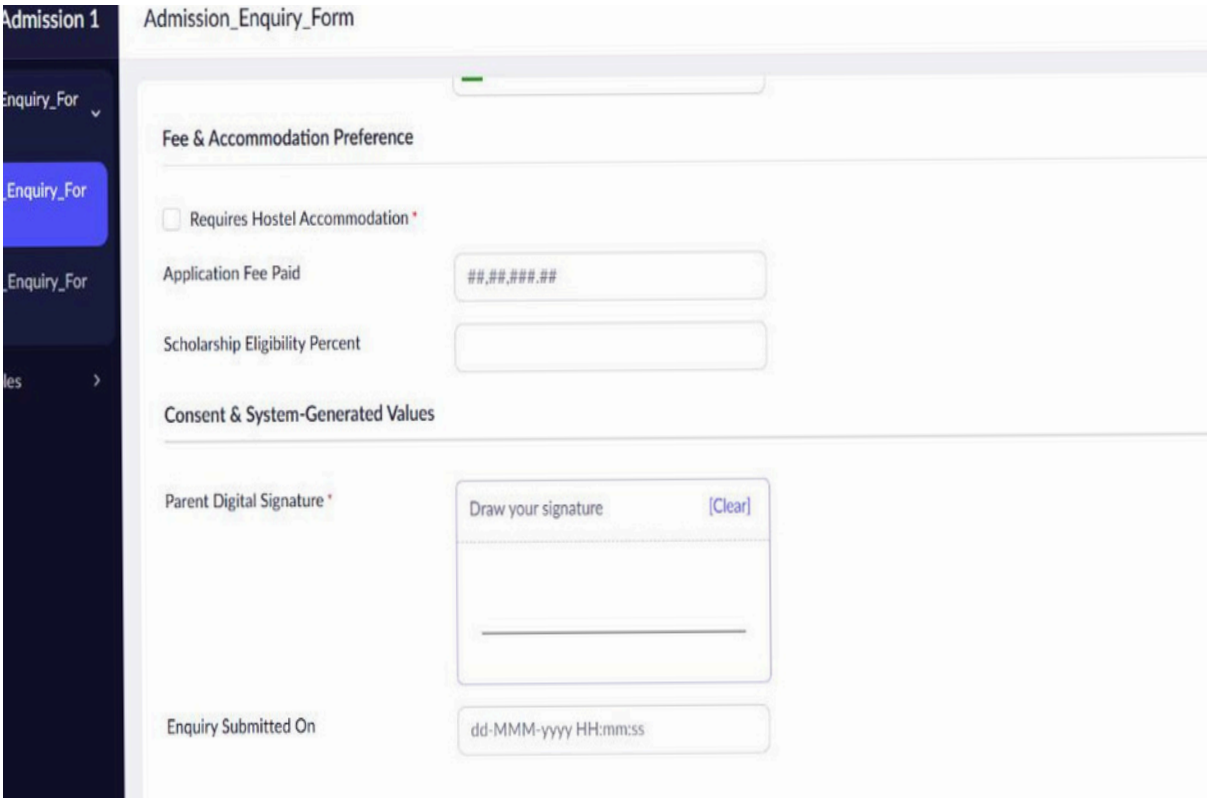

Fee Paid, Scholarship Eligibility, and computed Net Application Fee Payable are displayed.

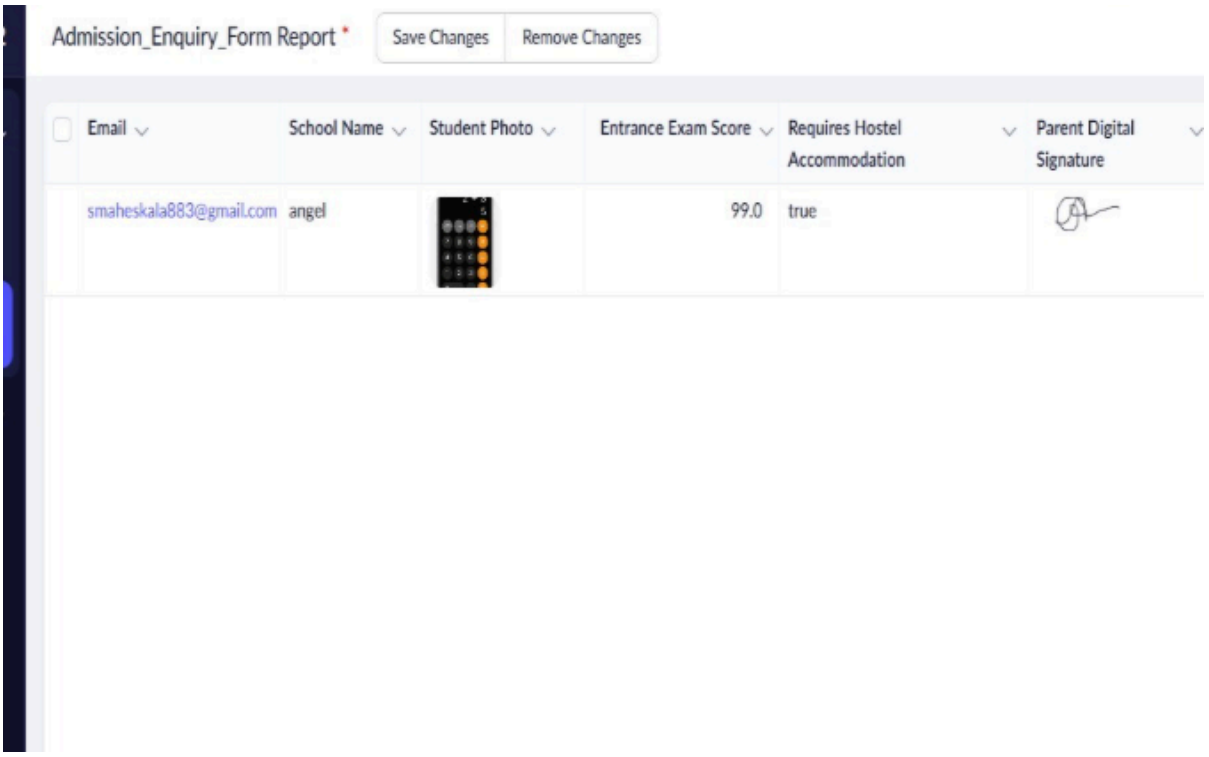

- Step 6: Parent/Guardian reviews the Admission Process Guidelines rich text block and provides their Digital Signature to consent to the process.
- Step 7: On Submit, Zoho Creator auto-generates the Admission Enquiry ID, timestamps the Enquiry Submitted On field, and generates the Admission Enquiry QR Code.
- Step 8: The Admission Cell reviews the Admission_Enquiry_Report, verifies mark sheets and school details, confirms the fee against Net Application Fee Payable, and uses the QR code to quickly retrieve the applicant’s file during counselling
